

AUSSIE DADS RIDE FOR TRUTH, JUSTICE AND EQUALITY

Please Help Fathers and Families put an end to Parental Child Abduction within Australia.

WWW.AUSSIEDADS.COM

This site is maintained by a group of Fathers and their Families. Fathers United is a group of Fathers wanting change to the current Parenting Laws in Australia. Parents who abduct children should not be allowed to commit this dreadful act. Speak up and lets help Fathers, Families and their Children.

The current laws in Australia are very outdated and are really no longer valid in today's society. The current laws are failing children and fathers and we demand better parenting rights for fathers.
